SIMPLE JOURNAL FOR BIBLE READING & STUDY

There is nothing more powerful in a believer's life than prayerfully reading and intentionally applying the Word of God (the Bible) to daily life. To that end, answering three simple questions will help deepen your knowledge of Scripture, retain what you've read, and incorporate it into your life. So grab a journal and a pen and go for it!

QUESTION #1 — WHAT DOES IT SAY?

After you've read the assigned chapters for the day, select one chapter, passage, or verse that really stood out to you as meaningful for your daily life. Then write a few sentences on what it was about. You may try reading in different translations, then rewriting the chapter, passage, or verse in your own words.

QUESTION #2 — WHAT DOES IT MEAN?

Using that same chapter, passage, or verse you focused on in the first question, take a minute or to two think about what it really means. One way to answer this question is to think about how you would explain it to a small child or a friend who knows nothing about the Bible.

QUESTION #3 — WHAT SHALL I DO?

Again, focusing on the chapter, passage, or verse of the previous questions, prayerfully consider how you might incorporate the reading into your life today. Maybe there is a truth to embrace, a sin to repent of, or an action that should be taken. Try to be as specific as you can be while answering this question.
